TIME SLOT FOR TEACHING COORDINATION

For undergraduate qualifications, the Centres shall consider a weekly time slot of between one and two hours within their teaching timetables during which classes will not be scheduled; this is to facilitate teacher coordination work.

Said time slot shall take into account, where appropriate, the existence of the morning and afternoon sessions for the purpose of scheduling in both.

The setting of this time slot will be given in the most rational way for the student's schedule.

For degree qualifications with the participation of Departments where the inter-facultative characteristic predominates, it will be ensured that this time slot is common to the Centers involved.

It is recommended that this measure also apply to all the other degree qualifications of each Centre.

⁽²⁾ For those qualifications participating in Dual Degrees, the exam period for the different examinations is amended as follows: the first-term ordinary examination from 8 to 20 January 2023; the first-term extraordinary (retake) examination from 26 January to 8 February; the second-term ordinary and annual examinations from 7 to 20 June; and the second-term and annual extraordinary (retake) examinations from 26 June to 9 July.
